

Disposable Fingerprint Ink Strips

Foil Ink Strips are for fingerprinting. Most common use is for children and for child identification kits or child ID fingerprint cards. The ink strips pull apart to access the ink and are designed for easy use. Our ink strips consist of a layer of fingerprinting paste ink sandwiched between two thin, flexible, clear plastic strips of Mylar. Simply pull apart the tabs to expose the ink, using it as you would traditional inking systems, and then just throw it away. There is no need for dangerous solvents, and the ink is non-toxic and hypo-allergenic. The Clean up is easy, just use our ink remover Towelettes or soap and water for easy clean up.

AVAILABLE SIZES

PRODUCT	SIZE	QTY PER BOX
FS-FDIS-101	1 x 5 in	2400
FS-FDIS-105	3 x 5 in	800
FS-FDIS-108	3 x 10 in	400
